

Percutaneous Postero-Lateral Surgery to the Lumbar Disc
J.A.N. Shepperd & D. Dempster, Hastings

Trunk Stress Assessment during Lifting to Overhead Reach ...
J.L. Dales & E. MacDonald, London & Doncaster

Can Changes in Stature be Used to Measure the Effect of Load
on the Cervical Spine?
P.A. Bonney et al Nottingham

4-15 TEA

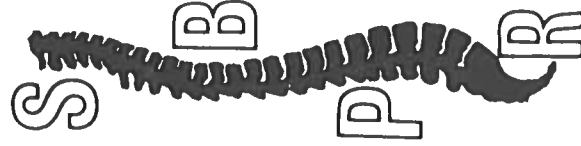

CAR PARKING

can be difficult. It is suggested that one use the multi-storey
car park a short distance from the medical school.

ACKNOWLEDGEMENTS

We would like to acknowledge our thanks to:—
Messrs. Armour Pharmaceuticals, Boots Co.,
Picker International Surgicraft for their generous
support of this meeting.

SOCIETY FOR BACK PAIN RESEARCH

SPRING MEETING

Nottingham University
Medical School
NOTTINGHAM

Friday, 14th March, 1986
